What is a Webinar?

A webinar is an interactive seminar conducted via the web. It happens in real time as you can see the presenter's screen on your PC, notebook or tablet from the comfort of your office, home or wherever you choose. You may participate, if you wish, by asking questions via the online portal.

How do I get the speaker notes for the webinar?

All delegates are emailed a copy of the notes before each webinar commences.

What happens if I miss the webinar?

All webinars are recorded and made available after each event to those who have subscribed. Delegates are provided with access to the 2020 Webinar Archive where you can listen again to all the webinars you have subscribed to, as well as download a copy of the notes at your leisure, for up to 3 months after each live event.

The screenshot shows the 2020 Innovation website interface. The top navigation bar includes 'membership', 'products', and 'training'. The main content area is titled 'CPD Webinar Recordings' and features a 'Monthly Tax Update' section. Below this is a table of webinar recordings with columns for Date, Notes, Slides, and Recording. The table lists recordings from January 2011 to October 2011. A 'what is a webinar?' section is also visible, along with a 'For technical queries and frequently asked questions' link.

What do I need to do to join the webinar?

Upon registering, full instructions on how to join the webinar will be emailed to you. All you need is access to the internet via a pc, notebook or tablet.

Can other team members in my organisation join in as well?

Multiple delegates from a firm may attend the same webinar, either on a group basis or by way of separate pcs, notebooks or tablets, provided firms have purchased multiple registrations.

Will I be able to listen to the speaker and ask questions?

You can listen to the presenter's audio over the speakers of your PC, notebook or tablet, thereby incurring no call charges. Alternatively, you can dial a local rate telephone number to hear the audio. Once you are connected to the webinar, a box will appear where you can post any questions for the speaker to make it truly interactive.

Do I pay for the call charges?

If you wish to listen to the webinar via the telephone, you can dial a local rate telephone number to access the audio. Please check with your telephone company as prices may vary depending upon your package.

REMEMBER! With webinars you don't have to travel, park your car, queue for tea or coffee, get irritated with "pen clickers" or wait for a break!

You can listen 'live' at your convenience from your home or your desk! We record all our webinars so you can stop the webinar when you want, resume at your convenience and replay it over again. You also receive the webinar notes electronically.
