

## Manchester Airport Atlantic Suite, Terminal 2

**The Atlantic Suite** – As you approach the airport follow signs for Terminal 2. Parking is available in the short stay car park. Please enter the car park at ground level. We would recommend parking at level C. Take the lift or stairs to level D. The Atlantic Suite can be easily accessed from the car park via level D. On entering the airport building go past the check-in desks and through to the main departure concourse and shops. The suite is situated above the Food Village which is to the left as you enter the main airport concourse. Take the lift to the suite which is on the third floor.

**Parking** – On entering the multi-storey car park, you will need to take a ticket from that machine at the barrier. The Atlantic Suite reception will issue you with a pink exit ticket and there will be no charge incurred.
